EXPERIENCE

On-the-Job Training (OJT) – Backend Developer Intern

Simplevia Technologies Inc.
Makati City | January 2025 – May 2025

2025

Backend Developer

- Maintained and enhanced an existing Accounting Information System (AIS) used by the Makati government.
- Gained hands-on experience with modern frameworks such as Laravel (backend) and Vue.js (frontend).
- Assisted in debugging, implementing new features, and improving API functionality for various modules including the PCICM Dashboard and Contracts PO.
- Collaborated with the development team in regular meetings to discuss system updates, assignments, and project progress.
- Improved problem-solving, database management, and teamwork skills through real-world development tasks.

TECH STACK
